

October 31, 2023
PRESS RELEASE:

TIRE WASH STAND

- Tire Wash Stand allows user to easily clean tires.
- Tire simply slips over wheel hub that rides on a sealed bearing.
- Pressure from any pressure washer will spin the tire as desired.
- Keeps tires out of the dirt while washing and gets it up to a comfortable height.
- Easily collapsible for shipping/transportation.
- Heavy duty base to keep the unit stable while in use. Bolt-on pneumatic wheels to help move to desired wash location.
- Available in W5 and 5X5 rim configurations.

Part# 430 TWS001
